DIRTY DUCTS FLEET

The Right Equipment For Any Situation

Our large investment into having one of the largest vac truck fleets in the nation allows us to clean ductwork ventilation systems, ceiling cavities, beams, etc. efficiently, effectively and economically.

Clean And Healthy Air, Breath After Breath

Out of sight areas should never be out of mind! All facilities, new and old, will benefit from our services. Dirty Duct certified technicians will allow your facility to function better, while keeping your occupants healthier.

DIRTY DUCTS RESULTS

CUSTOMER TESTIMONIALS

Putting Our Customer First, So We Never Come In Second

From residential dryer vents to multi million dollar industrial projects, Dirty Ducts has a long list of satisfied customers. We've achieved over 10,500 jobs through hard work, customer care, and attention to specific situations.

"Our project was handled well from quote to clean-up. We received a reasonable price, quality work and excellent clean up and restoration. We're very satisfied."

- Richard, Residential Customer

"Thanks for the excellent work at UWEC again. April was especially accommodating considering the flux plan. I appreciate the professionalism of your crews and staff. It makes my coordinating on Campus much easier."

- Randy, University of Wisconsin Eau Claire

"The guys did exactly what I needed done over the weekend. Thanks for exemplary service!"

- Dave, Hoffman Services

Dirty Ducts Cleaning & Environmental Inc.

Residential • Commercial • Industrial

DUCT CLEANING

Save money by increasing HVAC efficiency, prevent mold, and improve health. Regular duct cleaning will enhance air quality, keep your facility running clean, and improve occupant health. All buildings, including brand new, will benefit from a thorough Dirty Duct cleaning service.
